Your answer is correct.

Question 2
Correct
Mark 1.00 out of 1.00
Flag question

What is the effect of running the TRUNCATE table statement in Task 4?

Select one:

- ☒ a. TRUNCATE deletes the data in the table but does not delete the table structure. ✓
- ☐ b. There is no effect. It has no effect on the table or database.
- ☐ c. TRUNCATE shortens or removes some of the data in the table but not all of it.
- ☐ d. TRUNCATE deletes the data in the table and deletes the table structure also.
- ☐ e. TRUNCATE deletes the table structure and stores the data in another table.

Question 3
Correct
Mark 2.00 out of 2.00
Flag question

In Task 5 what is the effect of the DELETE statement on the table?

Select one:

- ☒ a. The Delete Statement removes all of the rows in the table but leaves the table structure. ✓
- ☐ b. The Delete Statement deletes all tables in the schema.
- ☐ c. There is no effect.
- ☐ d. The Delete Statement removes all of the rows in the table and deletes the table structure.
- ☐ e. The Delete Statement does not work without conditions.

Your answer is correct.

Question 4
Correct
Mark 2.00 out of 2.00
Flag question

What happens after the execution of the statements in Task 7?

Select one:

- ☐ a. There is a new column added to the table and then the value of NULL is deleted from each row for this column.
- ☐ b. Nothing changes except the value of NULL is inserted into each row in the table.
- ☐ c. Nothing happens - task 7 has no effects on the table or the database.
- ☒ d. There is a new column added to the table and then the value of NULL is inserted into each row for this column. ✓
- ☐ e. At this stage there is no data in the table in the database as it has been truncated and deleted.

Your answer is correct.
